NURSERYMEN AND GROWERS OF FLORISTS' PLANTS

NEWARK, NEW YORK

The "Preferred Stock"

Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES named on this list are based upon present market conditions, and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want lists calling for larger quantities than are named herein. On the other hand, these are **wholesale prices** and are applicable only to **wholesale** quantities; in no case will we fill retail orders, even though from nurserymen, at these prices. All orders should be made up in 10's or multiples of 10.

TERMS. The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security or satisfactory references required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount** unless specially agreed upon.

SHIPPING. Customers are requested to give definite instructions in regard to manner of shipping that they desire. In the absence of special instructions we will use our own best judgment, but with the express understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore and Pennsylvania Railways, also, the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

BOXES will be charged for at the rates noted below. We were obliged to make some increases in our box charges, because of the very great advances in the cost of lumber, nails and labor. The increases do not really cover the increased cost to us.

10 ft. 30 in. x 30 in. . . \$5.50	10 ft. 24 in. x 24 in. . . \$4.50	10 ft. 18 in. x 18 in. . . \$3.50
10 ft. 28 in. x 28 in. . . 5.20	10 ft. 22 in. x 22 in. . . 4.00	10 ft. 14 in. x 16 in. . . 3.00
10 ft. 26 in. x 26 in. . . 5.00	10 ft. 20 in. x 20 in. . . 3.75	10 ft. 12 in. x 14 in. . . 2.50

Add 50c on all sizes of 12 ft. boxes; decrease in same proportion for shorter boxes.

BALES will be charged for at actual cost of material used. We make no charge for packing or for delivery to the Railroad station.

GUARANTY. We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock, seeds or bulbs we sell, and we will not be in any way responsible for the crop.

CLAIMS for any cause, must be made promptly on receipt of goods. Any stock that is not exactly as represented, may be returned to us immediately on arrival, and we will cheerfully and without question, credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted**, or when report is not made within six days after arrival of the stock.

INSPECTION AND FUMIGATION. Certificate of inspection will be furnished with every shipment and when required stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letter-heads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell to **the trade only**; in justice to our **only** customers, the Nurserymen, Florists, and Dealers we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

LOCATION. We are located thirty miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Respectfully,

JACKSON & PERKINS COMPANY.

Newark, New York, September 16, 1920.

Roses

TO OUR great regret the supply of roses which we shall have available in Newark-grown plants is somewhat smaller this season than last, due to shortage of stocks and unfavorable planting conditions in the spring of 1919. Also, heavy advance sales made during the spring and summer have booked us up very close to our estimated supplies in many varieties, so that we are not offering a complete assortment until after our stock is dug, graded and accurately counted early in the winter. We hope then to have additional supplies available. However, rose-growing has always been our leading specialty and, although our supplies for this season are not as great as we could wish for taking care of our trade, yet they are by no means inconsiderable and should somewhat relieve the extreme shortage that apparently prevails.

GRADES. For fall delivery we offer only No. 1 grade. For spring shipment we can usually offer No. 1½ (Medium) grade at 30% and No. 2 grade at 50% off these prices.

Peonies

Our Peony List is not a long one but it has been made up with great care and with the idea of including only the best and most distinct kinds. We believe we are offering a line-up that is really worth whole, an assortment representing the very best out of hundreds of varieties. We give you sorts presenting a wide range of color and shade—coming into bloom throughout the entire season.

Our stock is carefully rogued every other day while in bloom in an effort to keep it correct and unmixed. The prices is for divisions with three to five eyes—and roots.

French Grown Fruit Tree Seedlings

We are sole American agents for one of the leading French nurseries,—that of

MESSRS. CHARLES DETRICHE & SON, ANGERS, FRANCE

who has a large clientage of well satisfied customers in this country. Nearly all kinds of seedlings are very scarce and high priced this season, but we shall be glad to quote on general assortments to those interested. All prices on French stocks are taken at Angers for shipment at purchaser's risk and cost.

Kansas Apple Seedlings

For immediate acceptance we make the following quotations:

No. 1, 3-16 in. and up, straight root, . . .	\$25.00 per 1000
No. 2, 2-16—3-16 in. straight roots	15.00 per 1000
No. 3.....	8.00 per 1000
No. 4.....	5.00 per 1000

Prices taken on board cars at Topeka, boxes charged at actual cost estimated at 30c per M for No. 1; 20c per M for No. 2; 15c per M for No. 3 and No. 4.

Carload freight rates guaranteed from Kansas to Rochester, N. Y.

The Kansas seedlings are doing well this year. All planters know the crop in France is very short and the cost is high. With the price of Apple trees still up, and apparently up to stay for awhile, there will not be many unsold seedlings around Topeka this winter. We can promise our friends absolutely clean seedlings graded up to the highest Topeka standard. If you expect to do some grafting this winter or to plant some seedlings next spring, we want to hear from you.

The Jewell Nursery Company, Lake City, Minn.

March 19, 1920.

"We wish to thank you for the splendid stock of Roses which you sent. We have received a good deal of stock this spring in pretty bad condition and your shipment stands out so prominently in its quality that we feel that you should know how entirely satisfied we are."

Clarence Aldrich, Farmington, Mich., R. D. No. 2

April 3, 1920.

"Freight shipment arrived today—good stock and in good condition."

F. L. Palmer, 4802 Washington Boulevard, Indianapolis, Ind.

April 10, 1920.

"Your shipment of March 13th just arrived and was in very good condition. All the stock, especially the Roses, Weigelas, Mulberry and Kerria, was fine."

Oswald Zohn, 427 Mason Street, Warren, Ohio

April 25, 1920.

"Your first shipment of the 14th has been received yesterday. Opening the box I certainly was happy to see everything in tip-top shape and condition. Of course it would not be otherwise because "J. & P." means "tip-top" quality. Well Gentlemen I thank you. I hope that the next shipment of the 17th will also arrive in good condition."

Fifth Avenue Peony & Rose Gardens, Minneapolis, Minn.

April 26, 1920.

"Received both of my orders a few days ago. The stock looks very strong and came through in good condition."

Frank Wetmore Smith, Saranac Lake, N. Y.

May 4, 1920.

"The things have all been very nice as usual, and I am glad to see that you keep up the quality."
